Purpose of the Report

Of all the 9 Planets in Vedic Astrology, Saturn is the slowest moving, taking the longest time of 2 ½ years to transit from one Zodiac sign to another.

Being forewarned is being fore-prepared. Once you know which areas of your life Saturn will impact, you can work to adjust your inner frequency in the forms of your energy, thoughts, and emotions. This Transit Report helps you in doing so.

Basic Nature of Saturn

Saturn, the taskmaster, signifies hard work and spiritualism. He has significant control over one's life by deciding their longevity or lifespan. Saturn gives life experience based on the individual's previous life karmic balance.

The factors considered for Astrological Analysis

Your Birth Chart, your current Major & Minor planetary periods and the planetary transit period are considered for analysis.

Position of Saturn:

Saturn transits from the sign Capricorn to Aquarius (Apr. 29, 2022 to Jun. 3, 2022) and returns to Capricorn in retrograded motion (Jun. 3, 2022 to Jul. 12, 2022).

You are **Leo** Ascendant and **Cancer** Moon sign per your birth chart. From your Moon sign, Saturn transit is happening in the 8th House and from your Ascendant, Saturn transit is happening in the 7th House. The 8th House position is not considered very auspicious for this Karmic planet.

Considering all the above astrological facts, the general tendency of this period is given as follows:

You might be facing issues with your spouse and might not have peace in your family life. There are chances to have arguments that could break relationships in the family. So, it is recommended to avoid disputes and maintain a smooth relationship with your family members.

In your birth chart, the Sun is placed in the Aquarius sign where Saturn is transiting, so it could make you face government-related issues or problems with your management or team leaders at the workplace. You may also feel that your hard work is not recognized or paid correctly. There are also chances to have a difference of opinion with father or fatherly people, and health issues related to the bone may cause some concern.

There are chances to face issues through debts, law or health during this transit. So it is suggested to maintain limits and distance with everyone to avoid difficulties and maintain your regular health checkups. You can also involve in social service activities to reduce the negatives of Saturn and achieve success in your career.

Your Major Planetary Period:

Currently, **Venus** Major Period from June 27, 2018 to June 27, 2038.

Your Minor Planetary Period:

Sun Minor Period from (under **Venus** Major Period) from October 27, 2021 to October 27, 2022.

1. Saturn enters Aquarius placed in Dhanishta Star ruled by Mars

Saturn Direct in Aquarius from Apr. 29, 2022 to Jun. 3, 2022 (approx. 1 month)

Analysis

Avoid drinking or smoking as it may spoil your reputation and health. Your administrative skills at your office may be less or go unrecognized. There are chances for accidents and injuries, so you need to be careful while driving vehicles and working on machinery. Stay away from fire products. It is suggested to have all safety devices to avoid injuries.

Property related issues can pop up. You may repair or spend towards home. There could be disturbances in domestic environment. Patience is the watchword during this period.

2. Saturn placement in Dhanishta Star ruled by Mars

Saturn Retrograde in Aquarius from Jun. 3, 2022 to Jul. 12, 2022 (approx. 1 ½ months)

Analysis

Mars, which rules the 4th and 9th Houses, is placed in the 5th House, Sagittarius, with Saturn.

Interpretation

During this period, you may face significant financial losses by trusting others. Any business opportunity would not support you. So you should not proceed with business investments. New people may enter your life to provide wrong ideas for your development through which you may lose your major share of your savings money.

It would be good if you could avoid all new development activities and investments like purchasing properties, shares, houses and vehicles. It would help if you were careful while dealing with money transactions. Romance and relationships seem to be bleak or bring disappointment. Expenses through children and entertainment can pull down your bank balance.

This is the right time for you to turn towards spiritual pursuits. As you tend to be restless and anxious, this period may aggravate that tendency and make you very emotionally disturbed. So do spiritual practises and transform your life with the help of 8th House Saturn. You can participate in spiritual retreats and seek inner peace during this period.

Health may need attention during this period. You are prone to stomach related issues. This period may also bring some skin issues due to food allergies.
