### **Purpose of the Report**

Of all the 9 Planets in Vedic Astrology, Saturn is the slowest moving, taking the longest time of 2 ½ years to transit one Zodiac sign to another. **On January 17<sup>th</sup> 2023 Saturn will transit from Capricorn to Aquarius and station there until 29<sup>th</sup> March 2025.**

This report is designed to give you detailed and specific information on what you can expect of Lord Saturn transit over the Aquarius, its retrograde and direct movements in this sign.

Being forewarned is being fore-prepared. Once you know which areas of your life Saturn will impact, you can work to adjust your own inner frequency in the forms of your energy, thoughts and emotions. This Transit Report helps you in doing so.

### **Basic Nature of Saturn**

Saturn is known as task master. His general signification is hard work and spiritualism. He has the vital portfolio in a person's life in deciding over the longevity or lifespan. Saturn is the experience giver based on the individual's previous life *Karma* balance.

**The factors considered for Astrological Analysis**

Your Birth chart, your current major and minor planetary periods and the period of transit are the influencing factors that will be considered for analysis.
