## Inference:

This transit of Rahu and Ketu brings the focus to career matters. You may experience a good number of fluctuations and ups and downs. A sense of lack of direction and confusions prevail in this particular area of life. You are also likely to focus far too much on doing what makes you happy the most, and you are expected to feel a sense of detachment from work because you may not enjoy what you do for your job.

This transit is a transformative experience for you and you will need to go with the flow. You are also likely to lose sleep over work matters and extra effort will be required to sleep peacefully. The fruits of your efforts may not be perceived, in other words income dissatisfaction directly translates to job dissatisfaction due to increased expenditure, some of which is expected to be wasteful and highly material when your retrospect at a later point. For this reason, it is necessary to consciously differentiate between the job, and what you do with your earnings as two separate things because an employer is not going to pay you more, just because your

expenditure has risen. By such conscious differentiation, you will be able to experience better job satisfaction.

A new opportunity, which will be uplifting for your career and will bring better pay terms is indicated only towards the end of 2023, between mid-November 2023 and January 2024.
