Purpose:

This report will analyze the effect of transiting Rahu and Ketu, and the results likely to be experienced from three aspects, one is the physical body, second is the mind and heart and the third is the soul.

- Rahu is transiting over the sign of Pisces from 30th October 2023 till 18th May 2025.
- Ketu is transiting over the sign of Virgo from 30th October 2023 till 18th May 2025.

Analysis:

Rahu transits the 10th house from Moon sign, in Taurus. It aspects the 2nd house of mouth and speech, it also aspects the 6th house of competition. Ketu transits the 4th house of education occupying its own sign.

Inference:

On observation of the horoscope it is seen that this child can feel somewhat lost and directionless in terms of school matters. While feeling lost is the emotional aspect, the education aspect is positive. The subjects connected with simple numbers will prosper. This can mean the maths portion and not algebra, geometry etc. The child is expected to take an interest in science subjects particularly due to research bent of mind through this transit.

The child will focus more on building a good reputation, or a competitive reputation for himself in school matters which is a positive trait. However, he may resort to undesirable manipulative means to achieve this objective which his elders are advised to keep an eye out for. There can be a tendency to stay awake at night, and even if it is for the purpose of studying, you are advised to discourage it. Since major as well as minor planetary period is supportive, which runs concurrently with the transit of Rahu and Ketu, he will do well in school and succeed in acquiring not just knowledge but wisdom, judgement and discernment capabilities.

More than academic and books, home based holistic learning will take place very well for him. He is likely to exhibit some amount of anger and rebellion, and even pick fights when told to study, and if that happens you are strongly advised to perform a Ganesha havan for best results.

Home Remedies

- Offer modak at a Vinayaka (this specific form of Ganesha) temple on Wednesdays.
- Consume only vegetarian foods through this transit.

Remedies

- Perform a Durga Fire Lab/homam.

Important Note : Please note that predictions are subject to the accuracy in the time of birth provided.
